R. H. METCALF IN TROUBLE
Former McKinney Banker Arrested
After Bank Failure in Indiana

His host of friends in Lincoln regret to learn that R. H. Metcalf who was from the cashiership of the McKinney Deposit Bank at the presidency of a bank at Cicero, Ind., has gotten "in bad" in connection with the failure of that institution a short time ago. A dispatch from Noblesville, Ind., to the Indianapolis Star said of the matter this week:

Noblesville, Ind., March 13.—R. H. Metcalf, who was president of the Farmers & Merchants' National Bank at Cicero, Ind., when it was closed by the auditor of state in January, was arrested tonight by Sheriff Woodell, charged with embezzlement. His bond was fixed at \$1,000 but up to a late hour tonight his efforts to provide bond had failed and he was still in the custody of Sheriff Woodell.

The specific charge against Metcalf is that on Dec. 13, 1914, he received a deposit of \$429 from D. E. Buzan, when he knew the bank was insolvent. Prosecutor Guy issued the warrant upon the complaint of Buzan. The state's attorney asserts he has warrants for the arrest of other persons in connection with the recent bank failures in Hamilton county, but refused to make them public tonight. The Hamilton Trust Company of this city also was closed by the state auditor.

Metcalf came to this city three years ago from McKinney, Ky., and purchased the controlling interest in the Cicero bank.

The Equitable Surety Company and the Western Indemnity Company were made defendants today in five suits in the Circuit Court growing out of the recent bank failures in Hamilton county. The defendants were sureties for the Hamilton Trust Company of this city and the Farmers & Merchants' Bank of Cicero for the deposit of public money when they were closed by the auditor of state. The suits are to recover the full amount of the deposits. The county had \$18,146.66 with the Hamilton Trust Company and \$4,771.94 with the Cicero bank. Jackson Township had \$2,300 in the Cicero bank and the Cicero school board had \$2,200 in the same bank. The Noblesville school board asks for the return from the Hamilton Trust Company of \$2,300. It is understood that the bonding companies intend to pay the various sums without further litigation and then share in the pro rata distribution of the assets when the receiver settles up the affairs of the

Mrs. J. D. Burton Dies at Hustonville

Mrs. J. D. Burton passed away at her home near Hustonville Sunday afternoon at about one o'clock after a lengthy illness of stomach trouble. Mrs. Burton was a good Christian woman and will be greatly missed in her neighborhood. She was a devoted member of the Baptist church. She had nine children, seven of whom are at home, and five sons, Charles Burton, of Dallas, Texas, Samuel Burton, of Indianapolis, Ind., Arthur Burton, of Oklahoma, Gilmore Burton, of Hustonville, and Walter, who is at home, one brother, John Badgett, of Casey county, two sisters, Mrs. Sanford Rutherford, of Hustonville, and Mrs. Cash, of Kansas. The deceased was a daughter of the late John Badgett, of Garrard county. The interment took place Monday afternoon at three o'clock after short services at the grave of J. C. McClary.

IF MEALS HIT BACK
AND STOMACH SOURS

"Pape's Diapepsin" Ends Indigestion, Gas, Diapepsin and Stomach Misery in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation in the blood, tell the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

To The Housewife

Madam, if your husband is like most men he expects you to look after the health of yourself and children. Coughs and colds are the most common of the minor ailments and are most likely to lead to serious diseases. A child is much more likely to contract diphtheria or scarlet fever when it has a cold. If you will inquire in the meets of various dealers in the stores of your town you will find that Chamberlain's Cough Remedy stands high in the estimation of people who use it. It is prompt and effectual, pleasant and safe to take, which are qualities especially to be desired when a medicine is intended for children. For sale by all dealers.

BOOZE TO BE BOTTLED OUT.
Last Whisky at Old Taylor Distillery to Leave Big Warehouse.ROBERT J. BRECKINRIDGE DEAD
Attorney General on Ticket With Goebel Passes Away at Danville

Plans are being made by the Paxton interests of Cincinnati, which own the whisky at the old Taylor distillery, on Dix river, north of Stanford for bottling the entire lot of whisky remaining in a warehouse in Lincoln county and when it is hot and shipped out, the last vestige of the legalized manufacture of the stuff will have been removed from the confines of the county. There are one or two brandy distilleries in the county but no whisky plants in operation.

The whisky at Taylor's old plant is now four years of age, and has been barrels at the warehouse for that length of time ripening. There are said to be about 550 barrels left out of an initial capacity of 750 barrels.

During the Civil War Judge Breckinridge served in the Confederate army, and was one of the first to raise a company to fight for the Southern cause.

As captain of the Second Kentucky Regiment of Infantry Volunteers, he served under Colonel W. H. Hanson. Later he became one of the twelve Kentucky members of the Confederate Congress, but resigned this position to re-enter the Confederate army. Judge Breckinridge was twice married in 1865 to Miss Kate D. Morrison, a daughter of Moses B. Morrison, of Lexington and in July 1889, to her sister, Miss Lilla A. Morrison. There were two sons by his first marriage—Hobart and Breckinridge, who died when about forty years old, and Morrison Breckinridge, who died a few months ago at his home in Danville.

Judge Breckinridge was educated at Centre College and at Transylvania University and the University of Virginia. He graduated in law in 1856 and removed to St. Louis, but after two years returned to Kentucky and was elected city attorney of Lexington, his first public office.

After the war he returned to Kentucky and with his family settled on a farm in Lincoln county. In 1874 he went to Danville to live. In 1868 and again in 1876 he was delegate to the Democratic national convention, and in the latter year he was elected judge of the Common Pleas Court in a district composed of eight counties, and in August 1889 he was the choice of the people for the State Senate from the Eighteenth district.

Judge Breckinridge was one of the most prominent figures in the celebrated Goebel election of 1899. He was elected Attorney General on the ticket with William Goebel but was unseated in the contest which followed. He successfully practiced law until about a year before his death, when he became enfeebled and retired.

Judge Breckinridge was a man of extremely kind and companionable disposition and a most devoted husband and father. He was a gifted lawyer and in his prime was one of the most eloquent advocates in Kentucky. He was buried at Lexington Sunday.

Uncle Sam After Dopesters

The Treasury Department is organizing an elaborate force to capture violators of the Federal禁酒令, which went into effect March 1. It was announced last week that L. W. Weeks of Murray, Ky., has been appointed a Deputy Collector of Internal Revenue in charge of the enforcement of this law in Kentucky.

His salary was fixed at \$1,600 a year, and he will be allowed \$800 more for traveling expenses. Another deputy for this service will be allowed to Kentucky. He is to be named by Senator Beckham, who is in Florida. Only pharmacists are eligible for these appointments. Under the Federal antinearotic law, as it is called, all persons who produce, import, manufacture, compound deal in, dispense, sell, distribute or give away opium or coca leaves, their salts, derivatives or preparations, must register with Collectors of Internal Revenue and pay a special tax.

Physicians, dentists, and veterinary surgeons are exempt, but must keep a record for two years of all sales except where they personally attend the patient.

Wilson Takes Interest

Mr. Wilson has taken a deep interest in athletics and Stanford should have a winning team. We will not forget that Mr. Wilson took a team from Stanford last year and took every advantage that class B offered. He ought to do the same this year, for he has the material and with a little practice ought to top class B. The musical and oratorical contests will be held the same dates. We will have representatives in the said contests.

Prospects Good for a Bass Ball Team

Last week the base ball team began to throw the horse-head around the lot, and we found a bunch in their uniforms. For the first time in their history they will have a team. The new comers will probably give the regulars a fight for their positions. Wood and Cash will still do the receiving. First base seems to be the most popular place of the day, with Coleman, Mobley and Gover trying to hold it down. As we can use them all up then, one of the said gents will probably land an outer berth, as they are clouters, and that is what the team needs. S. Embry and Tucker are hanging around the keystone base and both are showing much pep. Clem Hill is trying to fill his brother's shoes around S. S., but Anderson says he has no chance. Captain Perkins will still play around the third cushion. Everybody and his granny are trying for the three fields. They are set to go out there fast and hold on, "Knock Me Out." About half the team will be sent back to the hollow next week, so Shanks, J. Embry, Cash, Noe and one or two of the in-field men will have a chance to battle for the gardens. Shanks and Embry were regulars last year. The pitchers are passing, and pitching a little but they have not cut loose with their speed and curves yet, on account of their arms. Lepewh is still on the force. Embry and Gover will take turn in the box, but if anybody ever happens to ask you tell them we have some southpaw. There is a guy that stands six feet two inches and weighs about 175 pounds and is about to drive Wood's arm into his ribs. Pet Sampson is the gent. With the addition of Sampson, the pitching staff should be strong. Get your season ticket from Harry Farmer at Penny's Drug Store. (Contributed.)

REVIVAL AT BAPTIST CHURCH
Eloquent Louisville Divine Delivers Two Strong Sermons Monday.

Revival services began at the Baptist church Sunday morning and it is expected that they will continue about two weeks. The pastor, Rev. H. V. McChesney, preached two strong sermons Sunday morning and evening. Other congregations gave way at the evening service and the church was

Judge Robert J. Breckinridge for many years a prominent citizen of Danville, died at his home there Saturday after an illness of several months. He was eighty one years of age.

Judge Breckinridge was a son of the late Dr. Robert Breckinridge and was a brother of General Joseph Breckinridge, of Washington, and of the late Col. W. C. P. Breckinridge, of Lexington. He was born in Baltimore, Md., September 14, 1834.

During the Civil War Judge Breckinridge served in the Confederate army, and was one of the first to raise a company to fight for the Southern cause.

Rev. H. L. Winburn, pastor of the Walnut Street Baptist church, of Louisville, arrived Monday morning, and conducted his first service Monday afternoon at three o'clock, to a good crowd. He preached again at night to a nice sized congregation, considering the inclemency of the weather. All who heard him were greatly pleased with his work. He spoke from the theme, "Coming to Jesus" in the afternoon, and at night on the "Preaching of Jesus." Dr. Winburn is a scholarly gentleman as well as a splendid preacher and he held the closest attention of his congregations during both discourses. He makes the meaning of the gospel plain so that the most ignorant can understand.

Services will be held each day at three in the afternoon and at half past seven at night, and an earnest invitation is extended to all to attend, and bring the unsaved.

Prominent Russell Man No More

Jonas Hammonds, a prominent citizen and farmer of Russell county, near the Casey and Pulaski lines, died after a severe attack of la grippe, Thursday morning, March 11. He leaves a host of friends, who miss him as a citizen and neighbor, as well as several children, who mourn his departure. His wife, a life-long companion, had preceded him to the Great Beyond, only eleven months. He had reached his eighty first milestone. He was the father of J. A. Hammonds, who was in the merchandise business at Hubble, for 23 years, and for the last five years, a citizen, near Hustonville. The deceased was a subscriber of the Interior Journal for a number of years.

M'CHESNEY IS ENDORSED
By Anti-Saloon League For Governor Which Makes Him Contender

The most important development of the past week in Democratic politics has been the endorsement by the headquarters committee of the Kentucky Anti-Saloon League of Mr. H. V. McChesney for Governor. McChesney's nomination for Governor, says the Louisville Post, this endorsement was given at a meeting of the Anti-Saloon League in the Kentucky building, and was caused by Mr. McChesney's declaration in favor of the State-wide prohibition. This endorsement, according to Mr. McChesney's supporters, makes it certain that he will be one of the contending candidates for the nomination, and many other admissions by him were so

Rockefeller's close observers say he gave money at the rate of \$5.05 for every minute during 1914. The sum totaled \$1,420,218.64. That's some giving, but when it is told that his in-

come is over \$50 a minute it will be seen that he could give several times the amount and have it handed back to him many fold by the users of coal oil, gasoline and the other commodities on which he has a lead pipe cinch.

The warden of Sing Sing says the prison is not a fit place for boys. Of course, it isn't. It wasn't built for that. But it is a safe wager that the aforesaid warden will swing on to his job as custodian of the awful place just as long as the powers that be will permit him.

Silk trousers will be the "proper" thing for men this summer. They are not for newspaper men, however. The poor devils will still be content to parade in their cottonade breeches and thankful that they have a clean pair for the holy Sabbath.

Cleveland, Ohio, saloon men are trying to raise funds to bring Evangelist Billy Sunday to that wicked city. But then there are people in the Buckeye State who don't stop at anything when it comes to getting filthy lucre. They think, no doubt, that Billy will draw the people and the people will make them draw the beer. And they may be right.

Stanford has no jitney bus so far, but the enterprising garage men here may put on one at any time. The jitney is a success where it is used and much is being made hand over fist by the promoters of them. The five-cent fare catches the public. The auto is newer than the street car and can go to places that the trolley cannot. The jitney is operated by one person only and the expense of upkeep is very small. The jitney bus is just a plain ordinary automobile which makes regular trips, after the custom of the street cars, and charges the same fare. The word jitney is said to be contraction and corruption of the words job and little, made to apply to the five cent piece. In the cities the innovation is displacing the taxi and is causing the street car people to figure on a reduction of expenses to meet any and all contingencies. The five-cent piece is not large and the purchasing power of it is small in this day of high cost of living, but the volume is great when they pay in the trolley \$25 to \$40 per day, as many jitney owners are getting and proves a temptation to many a man who has an idle auto and who is not holding down a good job.

"If you're divorced and want to let the world know it without answering a thousand questions, wear your wedding ring on your little finger," says Etta Stone Creeley, a society matron of San Francisco, who has just had her marital vows severed. So dear reader, when you see a woman of marriageable age with a ring finger you may know that she has a husband somewhere save under the bed.

The suffragettes had a dog fall Saturday. The Texas House, by a majority of three votes, went against the measure, but the governor of Iowa put his signature to both the woman's suffrage and prohibition amendments recently passed by the Legislature of the corn State.

Chicago cold storage dealers shipped 250,000 pounds of chickens to England this week. If the great war will cause this country to be cleaned up of embalmed stuff of that sort, it can be truly said that some good has come out of Nazareth.

HEARD ABOUT TOWN

At the regular election of officers of Ryan Commandery Knights Templar at Danville last week, Dr. T. W. Pennington, of Stanford, was elected Swordbearer.

Deafness Cannot be Cured

By local application, as they cannot be cured by the ear, there is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the internal ear, called the Cochlear Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when this tube is removed, the deafness is cured, and unless the inflammation can be taken out and restored to its normal condition, hearing will not be restored. There are many causes for deafness, one of which is Cataract, which is nothing but an inflamed condition of the mucous surface of the eye. This will give one a temporary deafness, but it can be cured by Hall's Cataract Cure. Send for circulars, free.

DANVILLE, KENTUCKY
THE STORE THAT SELLS WOOLTEX

To give you the greatest possible opportunity to become acquainted with the new spring fashions in every article of dress, we have arranged these

Formal Opening Days Wednesday and Thursday, March 17 and 18

Fashion plays an important part in the life of every woman. She should not be a slave to it, and need not be; but every woman who cares about her personal appearance likes to be correctly dressed.

To be correctly dressed does not necessarily mean the frequent buying of new things. It does mean the choosing of garments that possess the correct style features of the season, and so well made that they will look well for a full season at least.

These Wooltex coats, suits and skirts for spring are in refined, conservative styles—embodied in materials and tailoring of the highest character—garments in which you will be well and stylishly dressed for at least a full season.

Examine these Wooltex tailored garments closely. See how well they are made, with all the character of the skillful tailoring that you usually find only in custom-made garments. Yet Wooltex tailored coats, suits and skirts are very reasonable in cost considering their high character. Don't fail to come in during this full showing of New Wooltex Styles.

WOOLTEX COATS at \$15 to \$25

WOOLTEX SUITS at \$25 to \$40

WOOLTEX SKIRTS at \$6.50 to \$10.00

Kentuckians in Oklahoma

A dispatch to the Courier-Journal from Oklahoma Sunday said: The Kentucky Club of Tulsa was rejuvenated Wednesday and held one of the best meetings that organization has ever had. Mesdames Guy Eaton, O. F. Sinks, Wash Hudson, Conn Linn, Ed. Crossland, C. P. Chenault, Allen Yeager and Miss Alice Rankin had charge of the refreshments, which were served in old Kentucky fashion and in the old Kentucky ways. Speeches were made by a number of residents of the State and music in keeping with the occasion was rendered.

Mrs. N. A. Embry, born and reared

in Kentucky, aged 99 years, died at the home of her granddaughter, Mrs. J. C. Menifee, wife of Samulup, Okla. Sick children needn't be coaxed to take this harmless "fruit laxative."

Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know that syrup in today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

A CHILD'S LAXATIVE

IS "SYRUP OF FIGS"

They Love to Take it and it Doesn't Harm the Tender Little Stomach Liver and Bowels.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally, if treated early, soon give a teaspoonful of "California Syrup of Figs" and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is fevers or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.
